Qualifications

I would like to acquire a challenging position in a dynamic environment in the health, fitness or food industries where I am able to leverage the experience and skills I have obtained in 5 years of creative problem solving, project management, innovative thinking and maintaining client relations in the interactive media and graphic design industries.

01. I am a problem solver at heart, and I strive to deliver creative and effective solutions at the highest of standards.
02. I have a strong eye for detail and a strong ability to conceptualize and think visually; this often works as my vantage point.
03. Adaptive thinker
04. Skilled in cultivating positive relationships with clients
05. Thrive in dynamic environments

Languages

01. Punjabi
02. English
03. Spanish
